On March 2, 2026, under the auspices of the Haidian District Administration for Market Regulation (Haidian District Intellectual Property Administration), the pro bono "IP Lecture" webinar, which is jointly organized by the Capital Intellectual Property Services Association and Beijing (ZGC) International Intellectual Property Service Hall, is held virtually.

Ren Linchong, Patent Counsel, Wanhuida Intellectual Property lectures on "Patent Mining, Filing and Commercialisation in the Field of Medical Apparatus and Instruments".

The lecture focuses on the topics of "Patent Mining Practice", "Patent Filing Strategy" and "Commercialisation Routes". Mr. Ren parses a litany of issues including converting technology into patent, viable commercialization of patents in business settings, as well as administrative approval procedure of medical apparatus and instruments. He interacts with the attendees and offers practical solutions and takeaways in the ensuing Q&A session.

The webinar is part of the "IP Plus" exchange programs. It attracts around 100 attendees from businesses, medical institutions and universities.
